

2. Teaching English

Activities

Activity 1: Three types of education

Think about the 3 types of education discussed in the video:

1. Formal education
 2. Non-formal education
 3. Informal education
- Which of the 3 types of education have you experienced (as student or teacher)? Briefly provide an example from each of these experiences (from ELT or from ANY other educational activity).
 - Now shift your thinking to ELT. Can you think of examples for each of the 3 types of education?

Write your views in the text box below.
